Verse) You know that I
I gave my best to you,
And me can't you see
I did it all for you.
So where did we go wrong?
Why do we have to sing this song?
Girl, with me you know belong.

(Chorus) And I'll never love
The Way that I loved you
And I'll never kiss
The way that I touched you
I did all for you
And I'll never love that way again.

(Verse) Girl, it seems to me
You've been gettin' on
And it's plain to see
You didn't cry for long.
So tell me why must we be
Apart for us to see
That we could never ever
Love this way again.

(Chorus) And I'll never love
The Way that I loved you
And I'll never kiss
The way that I touched you
I did all for you
And I'll never love that way again.

(Bridge) Can't we try again?
Does it rally have to end?
Can we reach down deep inside
Find the strength to make this love survive

Oh girl, I did it all for you
If you believe in true romance
Can we give it one more chance?

(Chorus) And I'll never love

The Way that I loved you
And I'll never kiss
The way that I touched you
I did all for you
And I'll never love that way again
