Mmm yeah

I think it's morning, my town is waking up
already sunday night
I'm still up in here, still sippin' on champagne
The music feels so loud

Got nothing left to say, I'm all clubbed out
We've been to every spot up in this town
And now we're here again, this' where it always ends
I love it, won't pretend, but I gotta go

Chorus:

Hey, mister dj, turn the music down
One last slowdance, and I'll by your last round
Baby, get your jacket, kiss your girls goodbye
Ain't no after party this time, we're leaving you and I

(Goodbye)

My glass is empty, except for the melted ice
Now everybody's gone
And in the corner, somebody making out
Don't know the light is on (o-o-oh)

Got nothing left to say, I'm all clubbed out
We've been to every spot up in this town
And now we're here again, this' where it always ends
I love it, won't pretend, but I gotta go

Chorus:

Hey, mister dj, turn the music down
One last slowdance, and I'll by your last round
Baby, get your jacket, kiss your girls goodbye
Ain't no after party this time, we're leaving you and I

This is curtain fall, I don't hurt at all
Every heart some, even this one
This is where it stops, I done seen enough

All the pretty girls, all set and done

(But you know I'll be back, right?)

Chorus x2:

Hey, mister dj, turn the music down

One last slowdance, and I'll be by your last round

Baby, get your jacket, kiss your girls goodbye

Ain't no after party this time, we're leaving you and I
