Every time I feel so lonely
walking through the night
more and more I long to hold you
long to hold you tight
now I'm still in love with you
and when you feel the same as I do

Walk right back
I'm on my way
whenever you need me
I'd like to stay
Walk right back
you know I will
whenever you call me
I love you still

Every time you say you leave me
I want a second chance
cause in my eye there is no end
no end to our romance
hoping that love will always win
and that you need my love again

Walk right back
I'm on my way
whenever you need me
I'd like to stay
Walk right back
you know I will
whenever you call me
I love you still

Walk right back
(I'm on my way)
Whenever you need me
I'd like to stay

Walk right back
(I'm on my way)
whenever you call me
I love you still

I love you still
