Can't stop dancing
Just because the music's gone
You can't stop dancing, no
Just because the band has
Packed up and gone home

You know you can't stop dancing
Just because the music's gone
Cause if you keep on dancing
If you keep on dancing
If you keep on dancing
You're gonna turn
The music back on

There's a rhythm in the universe
And the music is always there
But whenever things goes wrong
Sometimes it's so hard to bear

Just the same
We've got to move with time
If you don't
You're gonna be left behind

Just remember
That the beat goes on
Pretty soon they're
Gonna sing your song

And you can't stop dancing
Just because the music's gone
You can't stop dancing, no
Just because the band has
Packed up and gone home

You know you can't stop dancing
Just because the music's gone

Cause if you keep on dancing
(Keep on dancing)
If you keep on dancing
(Keep on dancing)

If you keep on dancing
(Keep on dancing)
You're gonna turn
The music back on

Can't stop, can't stop
Can't stop, can't stop
Can't stop, can't stop
Can't stop, can't stop

And you can't stop dancing
Just because the music's gone
You can't stop dancing, no
Just because the band has
Packed up and gone home

You know you can't stop dancing
Just because the music's gone

Cause if you keep on dancing
(Keep dancing, yeah)
If you keep on dancing
(Keep dancing, yeah)
If you keep on dancing
(Keep dancing, yeah)
If you keep on dancing
(Dancing and dancing)

If you keep on dancing
You're gonna turn
The music back on

Keep on dancing, woo

Can't stop dancing
Can't stop dancing
Can't stop dancing, woo

Can't stop dancing
Can't stop dancing
Can't stop dancing, woo

Can't stop dancing
Can't stop dancing
Can't stop dancing, woo...
