don't be scared  
i'll be there  
if you need me  
oh, don't be scared  
cause i care,  
believe me  
i've always been your friend  
and if you need me once again,  
here i am  
oh, don't be scared  
don't be scared

oh, i can see  
she's run from you  
what's she done to you  
has she made you cry  
but i can send  
those tears away  
back to yesterday  
take my hand,  
and don't be scared,  
don't be scared

oh, she'll come back to you  
if she loves you like i do  
but til then  
oh, don't be scared  
don't be scared
