Imagine me and you, I do  
I think about you day and night, it's only right  
To think about the one you love and holding tight  
So happy together

If I should call you up, invest a dime  
And you say you'd belong to me, you'd ease my mind  
Imagine how the world could be so very fine  
So happy together

I can't see me loving nobody but you  
For all my life  
When you're near me, baby, the skies'll be blue  
For all my life

Me and you, and you and me  
No matter how they toss the dice, it had to be  
The only one for me is you, and you for me  
So happy together

If I should call you up, invest a dime  
And you say you'd belong to me, you'd ease my mind  
Imagine how the world could be so very fine  
So happy together, happy together

I can't see me loving nobody but you  
For all my life  
When you're near me, baby, the skies'll be blue  
For all my life

I can't see me loving nobody but you  
For all my life  
When you're near me, baby, the skies'll be blue  
For all my life

I can't see me loving nobody but you  
For all my life  
When you're near me, baby, the skies'll be blue  
For all my life, all my life
