imagine me and you, i do
i think about you day and night, it's only right
to think about the one you love, and hold him tight
so happy together

if i should call you up, invest a dime
and you say you belong to me, you'd ease my mind
imagine how the world could be, so very fine
so happy together

i can't see me loving nobody but you
for all my life
when you're near me baby the skies will be blue
for all my life

me and you, and you and me
no matter how they toss the dice, it had to be
the only one for me is you, and you for me
so happy together

if i should call you up, invest a dime
and you say you belong to me, you'd ease my mind
imagine how the world could be, so very fine
so happy together,
happy together

i can't see me loving nobody but you
for all my life
when you're near me baby the skies will be blue
for all my life

(Instrumental)

i can't see me loving nobody but you
for all my life
when you're near me baby the skies will be blue
for all my life

i can't see me loving nobody but you
for all my life
when you're near me baby the skies will be blue
for all my life,

all my life!
