Lonely Night, I cry myself to sleep, tell me, what am I  
gonna do

'Cause it's always been you to dry my tears  
It's always been you to wash away my fears  
It's always been you each night and day  
Now what can I say when love slips away

Lonely night, I'm walking the floor, tell me, what am I  
gonna do

Without your precious love, your tender touch  
Hey, little man I miss you so much  
Wish we could turn back the hands of time  
To the day when you were mine

You used to call me, angel face, used to call me, angel  
face

You used to help me through the night, make me feel  
all right  
Now all I have is teardrops through a lonely night

I can't get you out of my mind  
I can't get you out of my mind  
I can't get you out of my mind

I promise you I'll change my ways  
I promise you love's here to stay  
Hey, little man depend on me  
I'll be yours for eternity

You used to call me, angel face, used to call me, angel  
face

You used to help me through the night, make me feel  
all right  
Now all I have is teardrops through a lonely night

You used to call me, angel face  
You used to help me through the night, make me feel  
all right  
Now all I have is teardrops through a lonely night

I can't get you out of my mind  
I can't get you out of my mind

I can't get you out of my mind
