Daniel:

Whenever you come around
It's clear to see
That you're my friend
You care for me
And when the road is rough
You're always enough
To bring a smile back to my face

Taina:

Oh you you are so right
The stars in my sky
Without you my life would be incomplete
As long as you're near
It's nothing to fear
Cuz I know you truly care for me

Together:

There's nothing that I won't do
I promise you
My heart belongs to you
Call me when you're feeling blue
I will be there it's true
Cuz my heart belongs to you
You you you
You you you
You

Lamar:

There's nothing else I could say
I want it this way
I need my friends right by my side
Whatever and all
You just have to call
And I will come running to you

Maritza:

I swim in oceans wide
Climb a mountain side
Just to get to where you are
Whatever at all
You just have to call

And I will come running to you my friend

Together:

There's nothing that I won't do
I promise you
My heart belongs to you
Call me when you're feeling blue
I will be there it's true
Cause my heart belongs to you

Renee:

Break it down
Everything you need just call in a hurry
I'll be there and fast don't worry
Holding it down for my cool wide world
You know I got your back
While I lay in the cup
For you I'll do about anything
Got your back and you know it's the fact
Call on me when you're feeling down
When you come around I'll put it down

Together:

There's nothing that I won't do
I promise you
My heart belongs to you
Call me when you're feeling blue
I will be there it's true
Cause my heart belongs to you
