another night on the town  
steppin' out, jivin' around  
don't know where you're going,  
all dressed up for no one  
singles bars, they get you down

but you're going somewhere just cause it's loud  
puttin' on your cool for the crowd  
you tell them you ain't lonely,  
but you're dying to meet  
Mr. One And Only to sweep you off your feet,

and there'll be no love in the morning  
it's gonna be so cold in the morning  
he's all gone in the morning  
he won't give you no love in the morning

that one over there qualifies  
he's the right age, color and size  
he's handsome and he's witty,  
he's good at the game  
he tells you that you're pretty, but he forgot your name

and there'll be no love in the morning  
it's gonna be so cold in the morning  
he's all gone in the morning  
he won't give you no love in the morning

how long can this go on  
lookin' for a love on the run  
love is just a body,  
that's all you get  
until you find somebody sleeping in your bed

and there'll be love in the morning  
he won't leave you so cold in the morning  
he won't be gone in the morning  
baby, you need love in the morning

you need some love in the morning  
he won't leave you so cold in the morning

he won't be gone in the morning  
baby, you need love in the morning

you need some love in the morning  
he won't leave you so cold in the morning  
he won't be gone in the morning  
baby, you need love in the morning
