

## **Captain And Tennille "Song Of Joy"**

Visit "[Song Of Joy](#)" on [MotoLyrics.com](https://MotoLyrics.com)

With every note I play, I play with love  
With every word I sing, it's comin' from my heart  
And so I sing a song of joy for you  
With all the happiness this melody brings  
With all the happiness this melody brings

Seems you always had a prayer for me  
When no one cared for me, you were so kind to me  
And so I sing a song of joy for you

With all the happiness this melody brings  
With all the happiness this melody brings

With every note I play, I play with love  
With every word I sing, it's comin' from my heart  
And so I sing a song of joy for you  
With all the happiness this melody brings  
With all the happiness this melody brings
