Tahoe snow and Christmas makes me glad  
To be right here where the sun shines  
In the bright Sierra sky, I love it  
"Ho Ho Ho" says Santa 'cause you know  
He loves to fly through the mountains  
With the snowflakes drifting by

Talk about your White Christmas  
You've never seen a white Christmas  
It hasn't been the right Christmas  
Till you've been there in the alpine air  
Oh Tahoe snow, I love it, come let's go  
We'll have the brightest Christmas  
In the Tahoe snow

Tahoe snow and Christmas makes me glad  
To be right here where the sun shines  
In the bright Sierra sky, I love it  
"Ho Ho Ho" says Santa 'cause you know  
He loves to fly through the mountains  
With the snowflakes drifting by

Talk about your White Christmas  
You've never seen a white Christmas  
It hasn't been the right Christmas  
Till you've been there...

Tahoe snow, I love it, come let's go  
We'll have the brightest Christmas  
In the Tahoe snow

I love it  
Tahoe snow, I love it  
Tahoe snow, I love it  
Tahoe snow, I love it
