don't have to beg you to hold me
somebody else will
you don't have to love me when I want it, no
somebody else will

your fine friends say you don't need it
when all the time they're tryin' to get it
look out,

your good thing
well it's about to come to an end
your real good thing
well it's about to come to an end

All those times I watched the four walls
I did not have to watch them all alone
And if some man said he wants me darling
I did not have to tell him I was your very own

You've got all the love that I've got
Even ice melts to water and gets hot
Look out,

your good thing
well it's about to come to an end
your real good thing
well it's about to come to an end

gettin' myself back together
is going to be a hard thing I know
but when that man says he wants me darling
you can bet, You can bet I won't tell him no

you've been running around leaving me alone
next time you don't look darling,
I won't be home
look out,

Your good thing
Well it's about to come to an end
Your real good thing

Well it's about to come to an end darling
I said real good thing
Your gonna want me, your gonna miss me
Your real my love
Your real good thing
Whoa, Whoa
Well it's about to come to an end
