[Verse 1]

Cuz i'm infatuated, your beauty's so amazing
I love everything about you
from your hips down to your ankles
I blame the cupid's arrow
he shot me right from the start
you must be a super hero
cus you just saved my heart
all of my life all that i've seen is ups and down
until a special person like you came around
my life done changed up now
and i cant see myself turning around
back to the old ways I used to be

[Chorus]

Even if the sky turns gray
and the ocean seems to dry and fade
don't worry, by your side girl I'll remain
cause you know that I'm infatuated
infatuated love, infatuated, infatuated love
infatuated love, infatuated, infatuated love
ooh yeah baby.

[Verse 2]

Your the reason for these love songs
the reason that my love's strong
the only reason that keeps me going
through these tough times
even if I travel a thousand miles it's still not enough
to show how much you mean to me
it would take way more than words
I love you exactly for who you are
not just your beauty but your flaw
is what keeps me up on my toe
I never get tired of spending time with you
because every moment I cherish it in my heart
in my heart, in my heart..

[Chorus]

Even if the sky turns gray
and the ocean seems to dry and fade
don't worry, by your side girl I'll remain
cause you know that I'm infatuated

infatuated love, infatuated, infatuated love
infatuated love, infatuated, infatuated love
ooh yeah baby.

[Bridge]

Ah Ah Ohwooah
Ah Ah Ohwooah
Ah Ah Ohwooah

[Verse 3]

Even if the sky turns gray
and the oceans dry up today
I'll still be here holding you down
and that isnt a cliché
cause when I say that I got you
that's forever like a tattoo
i'm a man of my word
and i'm about my action cus I got proof
and you will never have to worry about a thing
I will always be coming home to you
my queen my lady
nothing's better than when our lips locked
I love you more than hip hop
I'll be your lyrics and you're my beat box..

[Chorus]

Even if the sky turns gray
and the ocean seems to dry and fade
don't worry, by your side girl I'll remain
cause you know that I'm infatuated
infatuated love, infatuated, infatuated love
infatuated love, infatuated, infatuated love
ooh yeah baby.

[Outro]

La La Lovee
Oh La La Lovee
La La Oh Lovee
La La Oh Lovee
Yeaah Babe..
