Well I was slipping I was slopping, I was reeling and a-  
rocking  
I couldn't sleep at all last night  
Well I was tossing I was turning, I was rocking and a-  
bopping  
I couldn't sleep at all last night  
Put on my MTV the chirping birds will leave  
Oh Oh I couldn't sleep

Well I was flipping I was flopping, like a fish out of the  
water  
Rocking around And baby yea yea yea yea  
Swoop swoop I was looping a loop  
Cutting the rope but no such luck  
Somebody help me please, I'm begging on my knees  
Oh I couldn't sleep

I said baby baby baby baby baby

Oh couldn't sleep at all  
Said baby baby baby baby baby baby  
I couldn't sleep at all  
Somebody help me please, I'm begging on my knees  
Oh I couldn't sleep Yea-a

I couldn't want to do it no, I didn't want to try  
I didn't want to see you baby, baby my my my my my  
my

Well I was slipping I was slopping, I was reeling and a-  
rocking  
I couldn't sleep baby yea yea yea, Walking the dog  
I couldn't sleep Oh no no no no  
Somebody help me please, I'm begging on my knees  
yea  
I couldn't sleep
