All good people giving out
All these feelings with no doubt
I've been running down this avenue
With a monkey stuck on my back
Thinking I'm giving out what I should have
And I'm never looking back

She says hey hey it's about time
She says hey hey you can do what you like
But don't leave me dreamless
Don't leave me dreamless

All good people dreaming hard
Carry all that matters in their hearts
I've been running down this avenue
With a monkey stuck on my back
Thinking I'm giving out what I should have
And I'm never looking back

She says hey hey it's about time
She says hey hey you can do what you like
But don't leave me dreamless
Don't leave me dreamless

Hey catch the rhyme
Can't stand rocking sitting down
Through this mike down the wire
The amplifier
