Messed around I had enough
I lost controll I was all shook off
Yesterday was on my mind
When I came to you laid on the lie

Baby I was pushed right through the edge
Came over me I lost my head
If you think what I said wasn't that you
Well, that couldn't be much further from the truth

Baby, I know how good you are
Bringing me back when things go too far
You're the last I want to do this to
But you're the first that I come to

I admitted that I was wrong
I pushed you hard
I came on to strong
If you think what I said wasn't that you
That couldn't be much further from the truth

I come fast as one thing baby
I am guilty you
As much as I don't want to
I hurt, the one I love

I was pushed right through the edge
Came over me I lost my head
If you think what I said wasn't that you
Yeah, I admitted that I was wrong
I pushed you hard
I came on to strong
If you think what I said wasn't that you
That couldn't be much further
Couldn't be much further from the truth
