Everybody wants to move  
It's such a human thing  
To start again, try to win  
See what tomorrow brings

People leaving distant lands  
Take one last look around  
Lovers Part, ask their heart  
If somehow they're still bound

Will they ever really know  
Are they sorry if they stay or if they go

We worked so hard to make it here  
Just to leave it all  
But hey baby, they worked on Rome for a thousand  
years  
Then they had to watch it fall

The unknown's always tempting us  
With all we're gonna miss  
A better life, a truer love  
And we just can't resist

Will we ever really know  
Are we sorry if we stay or if we go

It's all wrong  
It's all right  
It's all dark  
It's all light

We're all thrown into this life  
We hurt for what we learn  
And When we tire, we set the bridge on fire  
And laugh and watch it burn

Will we ever really know  
Are we sorry if we stay or if we go  
Are we sorry if we stay  
Or if we go
