Cigarettes were a quarter then Bobby-socks and jeans
were in
Elvis sang the songs that we loved so
And the most important thing to us was keeping gas in
my old truck
So I could take us to the drive-in show

Then graduation finally came Uncle Sam called me
away
You married someone else while I was gone
But I kept your letters all these years and I can't help
but she'd a tear
When I read the words you wrote me years ago

Baby I'm yours I'll love you always
I'm gonna stand by you until the end of time
Remember all of the good things that we shared
together
Signed love Betty 1959

I never will forget the day when you and I went all the
way
I was the first for you and you for me
I've still got the truck that we loved in it takes me back
there now and then
Back to '59 in my memory

And baby I'm yours I'll love you always...
