It's hard when they tell you
you have to move on
Living as a dreamer in the past
When they stand there beside you
Teaching you right from wrong
But I know that this feeling will last
So when I close my eyes, I move to this world
Where I can see things from a different view
Where the sun still shines and you're here by my side
Until I face the truth

I'm going crazy
cuz no one can save me but you
Will you release me
Oh, tell me what can I do
Cuz girl I'm still crazy for you

I look at your face while I whisper your name
Your picture is all I got
Now who are you inside, who lied up this frame
And who make me believe what I'm not
In my mind I turn what I want until you finally back
again
And in the different kind it's always this dream
But it driving me insane

I'm going crazy
cuz no one can save me but you
Will you release me
Oh, tell me what can I do
Cuz girl I'm still crazy for you

Who am I to believe that I can see you and me
I have tried to rewind
But it's still here in my mind

So I
I'm going crazy
cuz no one can save me but you
Will you release me
Oh, tell me what can I do
Cuz girl I'm still crazy for you
