Verse 1

What is this
I couldn't see
But if I could change this I'd go back
To where we left off
What is this I hear
I hear rumors 'bout another life, another place
But I can't find it

Bridge

Huh
Could've been
Where you fell
When you thought I had it all worked out
But nothing fits
Could've been the times
But we will never know since none of us will stay to see
The last parade to walk this town

Chorus

Don't believe it's true
I had you still I know
Don't believe it's true
I had you this I know
I was so full of you

Verse 2

What is this
I see your lips move
But I still can't hear a single word
Of what you say

Bridge

Could've been alright
If you hadn't gone and changed your ways
I'd change my mind

And I wont have it out, be gone

Chorus

Don't believe it's true
I had you still I know
Don't believe it's true
I had you this I know
I was so full of you
