D-d-danger, danger
falling for a stranger
I'm falling for a girl that
steals for fun

Danger, danger
Lies about her age yeah
She's looking at my way
as she points the gun

Woo-o-o-oo

Seek and destroy
All of the boys

Woo-o-o-o-ooo-oo

On the run
She's wanted
Wanted for the webs she's spuns

So she runs
So wanted
Suspect number one

M-m-m-murder, murder
More than just a burglar
Stabbed me in my heart
with decieving lies

Murder, murder
That girl is such a burden
She's hot, hot, heat
but as cold as ice

Woo-o-o-oo

Seek and destroy
All of the boys

Woo-o-o-o-ooo-oo

On the run
She's wanted
Wanted for the webs she's spuns

So she runs
So wanted
Suspect number one

On the run
She's wanted
Wanted for the webs she's spuns

So she runs
So wanted
Always on the run

She's got me walking on a wire
She's danger, me, I must be
standing in her line of fire

A-ha-a-a
Oh-oh

On the run
She's wanted
Wanted for the webs she's spuns

So she runs
So wanted
Always on the run

On the run
She's wanted
Wanted for the webs she's spuns

So she runs
So wanted
Suspect number one
