

Johan Palm**"More To Her Than Meets The Eye"**

Visit "[More To Her Than Meets The Eye](#)" on MotoLyrics.com

If I can't give you what you want
She'll give you what you need
She'll give you're least expecting

There's more to her than
meets the eye
More to her then meets the eye

If I can't get you to the front
She'll get you where you need to be
When the clock is ticking

There's more to her then meets the eye
More to her then meets the eye

There's more to her then meets the eye
there's moreâ€¦!
(Don't turn your back for a minute)
(Don't turn your back for a minute)

There's mor to her then meets the eye
there's moreâ€¦!
(Don't turn your back for a minute)

My oh My

If I can't get you in the joint
She'll get you where you need to be
If her name is mentioned

There's more to her then meets the eye
More to here then meets the eye

If I can't tell you what you want
She'll tell you what you need to know
That burning question

There's more to her then meets the eye
There's more to her then meets the eye
There's more to her then meets the eye

There's moreâ€¦
(Don't turn you'r back for a
minute)
(Don't turn you'r back for a
minute)

There's more to her then
meets the eye
(Don't turn you'r back for a
minute)

My oh My

And how she does the
things she does
You'll never know

There's more to her then meets the eye
There's moreâ€¦
(Don't turn you'r back for a
minute)
(Don't turn you'r back for a
minute)

There's more to her
Then meets the eye
There's moreâ€¦
(Don't turn you'r back for a
minute)

My oh My

Aand how she does the
things she does
You'll never know

There's more to her then meets the eye
There's moreâ€¦
(Don't turn you'r back for a
minute)
(Don't turn you'r back for a minute)
Ther's more to her then meets the eye
There's moreâ€¦
(Don't turn you'r back for a
minute)

My oh My

There's more to her then meets the eye
There's moreâ€¦
(Don't turn you'r back for a minute)

(Don't turn you'r back for a minute)

There's more to her then meets the eye

There's moreâ€¦

(Don't turn you'r back for a
minute)

My oh My
