This is war
Friday sirens are wailing
Better make sure
None of your weapons are failing

'Cause love is danger and danger is fear
I fear that love can be near
'Cause it's a weekend and it's

Bombs bombs away
The music shatters like guns guns
Teenage Battlefield
Love is war they say
You either win or fall down down
Looks are sword and shield
On a teenage battlefield
Teenage battlefield

Out in the night
Suburban boys feet are stomping
In doscotheque lights
Girls gother and kick drums are pumping

All born with nothing and dying for more
Cause love's about fighting or failing
Here comes the weekend and it's

Bombs bombs away
The music shatters like guns guns
Teenage Battlefield
Love is war they say
You either win or fall down down
Looks are sword and shield
On a teenage battlefield
Teenage battlefield

'Cause love is danger and danger is fear
I fear that love can be near
'Cause it's a weekend and it's
Bombs bombs away
The music shatters like guns guns

Teeage battlefield

Love is war they say
You either win or fal down down
Looks are sword and shield
On a teenage battlefield
Teenage battlefield

I'm a survivor
I am a real stay aliver
I'm a survivor
Yes I am an I be alrighter

I'm a survivor
I am a real stay aliver
I'm a survivor
Yes I am an I be alrighter

Bombs bombs away
Teenage battlefield
Bombs bombs away

Bombs bombs away
Teenage battlefield
Bombs bombs away

Bombs bombs away
Teenage battlefield
Bombs bombs away

Bombs bombs away
Teenage battlefield
Bombs bombs away
