Am I lover am I friend think it over is it me or him  
Am I a fool or could I be wrong do I have a reason to  
keep hanging on  
Who's who what's what will I be blue will he not  
Please tell me girl I need to know what to do who's who  
[ steel ]  
Are you certain or are you confused  
Are you just being kind by not telling me we're through  
Has he won your heart or do I have a chance  
Lay it on the line let me know just where I stand

Who's who what's what will I be blue will he not...  
What's what will I be blue will he not...  
Who's who
