I like to have fun, I never bother no one  
I just drink at the bar everyday  
But she got enough of the things that I love  
And she just walked away

She made it plain when she threw down the ring  
Said, "If you like the honky tonk crowd  
I'll see you later and I'm gonna give you  
Somethin' you can drink about"

She said, "You'll start drinkin' double  
To drown all your troubles somewhere in a crazy ol' bar  
You'll have more than one tear floatin' in your beer  
When I get through breakin' your heart"

She said, "If you like the night life  
More than a good wife, keep on hangin' out  
I'll leave a memory, no doubt  
That makes you wanna pass out  
I'll give you somethin' to drink about"

You'll find me in here, drinkin' my beer  
Orderin' up the next round  
Can't let my friend see what she's doin' to me  
Darn poor thing didn't know that I'm down

Sometimes I start thinkin' why am I drinkin'  
I'll be better off at the house  
But I'm not goin' home, I'd only be there alone  
With somethin' to drink about

She said, "You'll start drinkin' double  
To drown all your troubles somewhere in a crazy ol' bar  
You'll have more than one tear floatin' in your beer  
When I get through breakin' your heart"

She said, "If you like the night life  
More than a good wife, keep on hangin' out  
I'll leave a memory, no doubt  
That makes you wanna pass out  
I'll give you somethin' to drink about"

She said, "If you like the night life  
More than a good wife, keep on hangin' out  
I'll leave a memory, no doubt  
That makes you wanna pass out  
I'll give you somethin' to drink about"

"I'll leave a memory, no doubt  
That makes you wanna pass out  
I'll give you somethin' to drink about"
