I've got a feeling coming over me
Being here close to you
It's a strong feeling
Like I never had before

I'm just a little bit nervous
And don't know what to do
It may seem strange
But, girl, I'm wantin' it more

South moon under
It's a natural wonder
It makes lovers fall in love
It can make you wanna laugh or cry

South moon under
It hits you like thunder
And, girl, I've got a feeling
There's a south moon under tonight

I've heard old folks talk about
The moon and stars and signs
But I never knew
Just how true it could be

Then, just out of nowhere
And right before my eyes
I saw a light that made
A believer out of me

South moon under
It's a natural wonder
It makes lovers fall in love
It can make you wanna laugh or cry

South moon under
It hits you like thunder
And, girl, I've got a feeling
There's a south moon under tonight

South moon under
It's a natural wonder

It makes lovers fall in love
It can make you wanna laugh or cry

South moon under
It hits you like thunder
And, girl, I've got a feeling
There's a south moon under tonight

Yeah, girl, I've got a feeling
There's a south moon under tonight
