it's a swift decline  
and you were driving on an empty day  
the oxygen is low, but please go slow  
i've got a plan

there's a bump in the road,  
and oh how our hope is more than we can stand  
it's a downward slope, until we land

and before long when everyone has gone to sleep  
and we'll catch what we can  
and before long when oh when they all have gone to  
sleep  
and we'll catch what we can, what we can can

and i want to state it clear,  
despite my advice, i just want to be with you  
i want to state it clear  
despite my advice i just want to be with you  
i want to state it clear  
that despite my advice i just want to be with you  
i want to state it clear  
that despite my advice i just want to be with you, oh

i want to state it clear,  
i want to state it clear,  
i watn to state it clear, clear
