Guess we been talking too long
We know what we need
Separately...

You say the honeymoon's over
I don't wanna push
But what about us?

Is ringing in my head
Is not what u say
Is what you have said

So... What about us?
What about love?
What about saying
That we'll never give up
Don't wanna blame ya'
We're in danger
So... What about us?

Guess we been trying too hard
We misunderstood
What's good for us
I'm tired emocionally inside
Night after nighth
We fight to we cry

I don't know what's wrong or right?
(What's wrong or righ)
Is every word you said
What's really on your mind?

So... What about us?
What about love?
What about saying
That we'll never give up
Don't wanna blame ya'
We're in danger
So... What about us?

When we love... we lie
When we talk... we hide

Maybe I'm searching light

I'm bored
Confused
What are we? to you?
What are we doing?...
What are we doing?...

What about us?
What about love?
What about saying
That we'll never give up
Don't wanna blame ya'
We're in danger
So... What about us?

So... What about us?
What about love?
That's the one thing we never discuss
What about saying
That we'll never give up
Don't wanna blame ya'
We're in danger
So... What about us?
