From Russia with love I fly to you
Much wiser since my good-bye to you
I've traveled the world to learn
I must return from Russia with love
I've seen places, faces and smiled for a moment
But oh, you haunted me so
Still my tongue tied young pride
Ld not let my love for you show in case you'd say no
To Russia I flew but there and then
I suddenly knew you'd care again
My running around is through
I fly to you from Russia with love
