I knew the day I met you  
You were gonna bring a change in me  
But sometimes for a man  
Change don't come so easily

It took a little time to figure out  
What it is I need to live and what to live without

Many times I've tried  
To tell you of the things that I have done  
But when I think how it would hurt you  
Somehow the words don't come

I just can't risk tearin' us apart  
So the truth will always be buried in my heart

I am more sorry than you'll ever know  
Your love has touched me so deep in my soul  
Just come and hold me and never let go  
I am more sorry than you'll ever know

How could I ask for more  
Already you've forgiven me so much  
And when it's heavy on my mind  
You wipe it all away with just one touch

So I'll just let the past lie where it lay  
But if you ever ask I'll get down on my knees and say

I am more sorry than you'll ever know  
Your love has touched me so deep in my soul  
Just come and hold me and never let go  
I am more sorry than you'll ever know

I am more sorry than you'll ever know  
Your love has touched me so deep in my soul  
Just come and hold me and never let go  
I am more sorry than you'll ever know
