Outside a starlit night inside a raging storm  
Words of anger fly like many times before  
We'll fight the battle, baby  
Nobody wins the war

I'll say I don't need you, you'll say you don't want me  
We'll sharpen up our lies, really cut each other deep  
Why do we do it, baby?  
What are we fighting for?

There must be one good reason  
Why we keep on tryin'  
For all the pain I'm feelin'

For all the tears you're cryin'  
Oh, if it's not love  
What are we fighting for?

Why don't you say you're sorry?  
Why can't I say I'm wrong?  
How much more damage can we do

Until we come undone?  
Why do we do it, baby?  
What are we fighting for?

There must be one good reason  
Why we keep on tryin'  
For all the pain I'm feelin'

For all the tears you're cryin'  
Oh, if it's not love  
What are we fighting for?

Girl, aren't we still in love?  
That's what we're fighting for
