Moonlight and magnolias it's just like a woman to leave  
you standing alone  
I was so sure I knew what she wanted but now I wonder  
if I've ever known  
Wish made I prayed we'd stay together  
Plans laid games played love changes you forever  
Just when you think that you've figured her out  
She turns on her heels and leaves you in doubt  
Ah ain't that just what a woman will do

Moonlight and magnolias keeps me believing she  
could be mine  
Now I feel like my heart's been stolen  
Somehow that woman leaves me one step behind

Wish made I prayed...

Hope heartache becomes me I'm learning bout being  
blue  
Better be careful when it comes to love you never know  
what a woman will do  
In moonlight and magnolias  
[ guitar ]  
Wish made I prayed...  
Just when you think that it's all going wrong  
She'll turn around and she's back in your arms  
Ah ain't that just what a woman will do  
Ah ain't that just what a woman will do  
Moonlight and magnolias moonlight and magnolias
