Well, I've danced with many while the music played  
But when the song was over I felt the feeling fade  
And my heart was empty and the pleasure gone  
But that all changed when you came along

Well, I've held some close just to realize  
That the soft words spoken were sometimes lies  
And a midnight promise rides a restless wind  
But that's all over, let's let the love begin

I'm savin' the best for last, giving it all to you  
Let's forget our reckless past those days are through  
Yeah, savin' the best far last, baby, it's our time  
I'm gonna be your's forevermore and you're gonna be mine

I know you've held others, lovers and friends  
Held the joy and the pain, yeah, I know where you've been  
But none of that matters when you're here in my arms  
Love builds a shelter keeps you safe and warm

I'm savin' the best for last, giving it all to you  
Let's forget our reckless past those days are through  
Yeah, savin' the best far last, baby, it's our time  
I'm gonna be your's forevermore and you're gonna be mine

I'm savin' the best for last, giving it all to you  
Let's forget our reckless past those days are through  
Yeah, savin' the best far last, baby, it's our time  
I'm gonna be your's forevermore and you're gonna be mine
