This was the last place this was the wrong time
Still here you are in my arms
Dancing cross the floor
Like the moon dances with the stars

Feels like I know you known you forever
Still I hardly know your name
You don't have to say a word
Your eyes tell me that you feel the same

And I've already fallen farther than I ever thought I'd
go
I never was the kind for love at first sight
Now I believe it's so
'Cause we were strangers an hour ago

Well, it's not like me to be so reckless
Only fools rush in they say
But even if my heart is gonna break
It's a chance I'm gonna take

So hold me closer we'll keep on dancing
Maybe you won't want to go
Just like that rambling rose you never know
Where love is gonna grow

And I've already fallen farther than I ever thought I'd
go
I never was the kind for love at first sight
Now I believe it's so
'Cause we were strangers an hour ago

And I've already fallen farther than I ever thought I'd
go
I never was the kind for love at first sight
Now I believe it's so
'Cause we were strangers an hour ago
