Hatred's occultation  
Causing harm upon their relation  
No amour tomorrow  
When love shall be consumed by sorrow, sorrow!

In olden days these kind of acts were a shameful  
disgrace  
Maybe the price of jealousy and hate sealed her  
malicious fate  
One night the village was awakened by agonizing  
screams  
Her castle burned like the sceneries in Hell  
She suffered like a pig  
Oh god, I love this tale to tell!

Whorish desire sentenced with the punishment of fire  
Repulsive temptress in white prepare to die  
And kiss thy pale, warm skin goodbye

H?r mir zu!  
Dein Fleisch ist in meiner welt verboten  
Du solst tanzen I'm Schattenreich, dem Land der Toten

In Dunkelheit...  
In Finsternis und Einsamkeit...  
In Finsternis... in Dunkelheit...

Whorish desire sentenced  
With the punishment of fire  
Unfaithful mistress in white  
Where is your pride?  
Accept your faith in twilight

In Dunkelheit...  
In Finsternis und Einsamkeit...  
In Grausamkeit und Finsternis...  
I'm Schattenreich...
