I got two favorite things in the world
Thats sex and cash, sex and cash
All my independent girls in the world
If you love sex and cash
Raise your glass
I cant think of what i love more
Counting all this cash
Or taking off your clothes
And ther aint no other place i think id rather be
Then with you in my vault
Using money as the sheet
Ooh you know i work hard for mines
And i know you work hard for yours
So lets put in some overtime
We can mix business with pleasure
Cause i know you need it , i need it
Come get it, i mean it .
Im on my way ill meet you there
Baby girl i see you when i get there
When i get there , when i get there.
Girl i hope you ready for the
sex on my money sex on my money
Two of the mist things that i love .
Spread it on the bed like rose petals
Sex on my money sex on my money sex on my money
The two of my favorite things
Girl i know you anxious to see
What it feels like to share it with me .

I got two favorite things in the world
Thats sex and cash, sex and cash
All my independent girls in the world
If you love sex and cash
Raise your glass
Don't be afraid to get comfortable
Lay down on this money
While i climb upon that body
People ask me what i love the most
But why choose one when i can have both
Ooh you know i work hard for mines
And i know you work hard for yours
So lets put in some overtime

We can mix business with pleasure
Cause i know you need it i need it
Come get it, i mean it
Im on my way ill meet you there
Baby girl i see you when i get there

When i get there when i get there
Girl i hope you ready for the
Sex on my money sex on my money
Two of the most things that i love.
Spread it on the bed like rose petals
Sex on my money sex on my money sex on my money
The two of my favorite things
Girl i know you anxious to see
What it feels like to share with me

Its gucci, gucci mane a wife theif
Where my wife at?
And i dont think they like me and i like that
Nine carat pinky ring
Thats a quarterback
Somebody call that water boy
Cause i just caught an ice attack
Feel just like my nigga feel
Same day got his license back
Time to stunt so roll two blunts real nice and fat
You boy stat .
Lights on, camera, action, It's GUCCI
I'm the main attraction this a chain reaction
Brick squad is a interprise , come and buy some
merchandise.
Go to all your peers , in yo ears so you hear me right.
You wanna be a star rapper
Listen close to my advice
Make sure that your business right
So you can live a great life .

You need it i need it
Come get it, i mean it
Im on my way ill meet you there
Baby girl i see you when i get there
When i get there when i get there
Girl i hope you ready for the
Sex on my money sex on my money
Two of the most things that i
Spread it on the bed like rose petals
Sex on my money sex on my money sex on my money
That two of my favorite things
Girl i know you anxious to see
What it feels like to share with me
