All you want is
What you can't have
And if you just look around man
You see you got magic
So just sit back and relax
Enjoy it while you still have it
Don't look back on life and only see tragic

Because you could be better than that
Don't let it get the better of you
What could be better than now
Life's not about what's better than
You can be better than that
Don't let it get the better of you
What could be better than now
Life's not about what's better

All the time while you're looking away
There are things you can do man
There's things you can say
To the ones your with
With whom you're spending today
Get your gaze off tomorrow
And come what may

Because you could be better than that
Don't let it get the better of you
What could be better than now
Life's not about what's better than
You can be better than that
Don't let it get the better of you
What could be better than now
Life's not about what's better

All I know is sometimes things can be hard
But you should know by now
They come and they go
So why, Oh why
Do I look to the other side
Cos I know the grass is greener but
Just as hard to mow

Life's not about what's better than

All you want is
What you can't have
And if you just look around man
You see you got magic
So just sit back and relax
Enjoy it while you still have it
Don't look back on life and only see tragic

(Repeat)

Because you could be better than that
Don't let it get the better of you
What could be better than now
Life's not about what's better than
You can be better than that
Don't let it get the better of you
What could be better than now
Life's not about what's better than
