Boom, yeah, back on the scene
Where ya look good by being mean
Yeah, friend for another round
Bringing you up while laying it down

Damn, like jumping into the ring
Just a sing but it ain't nothing
Yeah man, foe or friend
Do you got ink or venom in your pen?

'Cause you think I love you
You think I need you
Damn, no, get out the door
Don't wanna see your face no more

You think I love you
You think I need you
Damn no, get out the door
Don't wanna see your face

Man, now watch that toe
I ain't a step ladder man, I don't think so
Whoa boy, what ya trying to do?
Are you writing a column or jumping the queue?

Queue, yes to your favorite scene
Not the Q to the R, to the S, to the T, to the U
Boy, between you and I
You don't know your truth from your lies, no

You think I love you
You think I need you
Damn, no, get out the door
Don't wanna see your face no more

You think I love you
You think I need you
Damn, no, get out the door

Take a look tell me whats you aim
Tell me why you're in this game
There's better uses for your pain

Than criticizing others for doing their thing

Maybe then, maybe then you'll see
You can't cage something that's free
Anyway cut to the chase
I don't wanna see your face no more

You think I love you
You think I need you
Damn, no, get out the door
Don't wanna see your face no more

You think I love you
You think I need you
Damn, no, get out the door
Don't wanna see your face no more

You think I love you
You think I need you
Damn, no, get out the door
Don't wanna see your face no more

You think I love you
You think I need you
Damn, no, get out the door
Don't wanna see your face no more
