"Fool For You"

Two atoms they collide
In all the random ways
In the heat of you and I
Not so random, some might say

She walks up close to me
She looks me in the eyes
She said, "Boy, what's it gonna be
Now that it's just you and I?"

I'm a fool, a fool, a fool
I'm a fool for you
I'm a fool, a fool, a fool
I'm a fool for you

So I stepped up to the plate
To a place I thought I'd never be
So I'm making new today
Because of you, I am now me

For days are dark and blue
When we was our only friend
For all that we've been through
And go through again

All I say, I'm gonna come, I'm gonna stand
I'm gonna live my life beside you
I'm a proud, a proud man
I'm the same man

I'm just a fool, a fool
I'm a fool for you
I'm a fool, a fool, a fool
I'm a fool for you

Two atoms, they collide
You and I, we make them child
What lovely creatures they are
Something right from the start

And I helped you bring them forth
I offered us a place to land

An overflow of love
Fallen right into my hands

All I say, I'm gonna come, I'm gonna stand
I'm gonna live my life beside you
I'm a proud, a proud man
A proud man to be walking right next to your shoes

You're the one, the only one
The only one that's just right, just for me
But all the same
You know I, you know I'm

I'm just a fool, a fool, a fool
I'm a fool for you
I'm a fool, a fool, a fool
I'm a fool for you
