Yeah, way on down where they've been forgotten
City just sinking with the whole world watching
Wading waste deep in water
Living on my roof in the land of forgotten

Hey, to the deaf giant
With the big muscles why ya moving so slow
Con, conquer and dividing
Hole in the bucket got nothing to show

G be Indiana Jonesing
Digging up the east stealing dinosaur bonesing
Hey, he don't dream of stopping
Chasing his tail, trying to find Bin Laden

Hell, is what he living
It's not what you get, it's 'bout what ya giving
Hey, and I know you won't admit it
You stepped in the puddle and you know what was in it

Another storm coming, you better cover head
Shit gonna hit the fan, gov did nothin'

Oh my God, and the gov did nothin'
Woah, the gov did nothin'
Oh my God, and the gov did nothin'
Woah, the gov did nothin'

I don't wish to offend
No, I don't wish to start a fight
But do you really think that the gov would do nothin'
If all those people were white

Hey, don't tell me you know the answer
The stranger than fiction and it don't need romancing
Hey, and he think they're the sinners
He caught up in the race and he think he the winner

Forgotten, for way too long

Another storm coming, you better cover head
Shit gonna hit the fan, gov did nothin'

Another storm coming, you better cover head
Shit gonna hit the fan, gov did nothin'

Oh my God, and the gov did nothin'
Woah, the gov did nothin'
Oh my God, and the gov did nothin'
Woah, the gov did nothin'
