I can be loud man, I can be silent
I could be young man or I could be old.
I can be a gentleman, I can be violent.
I could turn hot man or I can be cold.
I could be just like the calm before the storm both,
Waiting for all hell yeah to break loose.
I could be innocent or I could be guilty
Doesn't mean that I don't believe in no noose

So I'm singin'

I could be rich like a wandering Gypsy
I could be poor like a fat wallet lost.
I could be first man or I could come last
It's not who breaks the ribbon boy it's how you get
across.
I could be red blue black and white sunset
Or darkest at day boy or brightest at night
I could be the sun man I could be the moon
I'm made up from the stars boy I shining so bright.

So I'm singin'

I could be asleep boy, or I could be awake
I can be alive and a be the walking dead
I can be ignorant, or I could be informed (Yes sir)
I could lead my life man or I could be led (That's right)
I can be anything I put my mind to boy
All I gotta do is give myself half a chance
I can bring love back into my life
And share it with the world if I got some balance

So I'm singin'
