It was the garden of eden; the beginning of time  
Adam said to Eve, "Little girl, I wanna make you mine!"  
She said, "Wait a minute, big boy, not so fast!  
I wanna think this over; I wanna love that's gonna last!"  
Eve said to Adam, "Catch me if you can!"  
It's been the same ol' story ever since the world began.

Honey, I'll give you anything in this great big world  
She said, "Forget those rotten apples, I'll take some  
diamonds and some pearls!"  
He said, "I don't know exactly what it is you mean!"  
And then since she could remember she had this pretty  
dream  
Eve said to Adam, "catch me if you can!"  
It's been the same 'ol story ever since the world began.

Well I've got this hungry feelin' my blood is runnin' hot  
I want you more than ever I'm wanting something that  
you got  
Said come on little boy, come and sit beside my fire  
Wrap yourself around my blanket, I'll cool your desire

She said, "wait a minute, Adam, honey, gotta a  
reputation to protect.  
If you want my love and kisses it's gonna take a little  
respect."  
He fell down on his knees and looked up in the sky  
He said, "I think i get the picture Lord, there's more to  
this than meets the eye!"  
Eve said to Adam, "Catch me if you can!"  
It's been the same ol' story ever since the world began.
