As I ride this lonesome highway
The desert wind across my face
My mind it slowly wanders
to another time another place

When the world was so much younger
With no reasons to hold back
And we weren't so afraid of losing
All the things we'd never had

*Those day's are gone forever
Time to kiss the past goodbye
Meet me out tonight on the open road
And baby we belong together
And if I had you by my side
Meet me out tonight on the open road

You had a dream you once beleived in
That burned inside you like a fire
(From:)
And that big wheel kept on turnin
Somehow that dream it passed you by

Now that fire just keeps on burning
Leaves only hunger and desire
Gotta find yourself a new dream
And just leave the rest behind

*Repeat

Somewhere over the horizon
Where the darkness meets the light
We'll marry all our dreams together
Out on this open road tonight

*Repeat

Baby we belong together
Time to kiss the past goodbye
Meet me out tonight on the open road
