Sushi for shabu. you keep calling me. you keep calling me.

Angel of death. I have thought I heard you singing.
angel of death. I have held
The flutter of your seductive wings. angel of death. I
have seen you counting on
Shadows. angel of death. I have watched you patiently
waiting. angel of death.

Angel of death. I have felt the heat and the power.
angel of death. emerging
From your deadly silver tune. angel of death.
reflections of disaster the morning
After. angel of death. the stories everyone sees
through. angel of death.
