When the winter days are gone  
Never find any summer breezes  
Until you've gone through spring

Another way out of here  
Another way out of here  
Another way  
Another way out of here

Cause I'm a lofty man  
I'm a hungry man  
Gonna be, gonna be, gonna be, gonna be  
Some changes made round here

Another way  
Another way out of here  
Cause I'm a man who lives  
Lives inside me

The children's caravan  
Moving slowly hand in hand  
Knowing all it takes  
Is a kind word, is a kind word  
Is a kind word, ahh

Gonna be, gonna be, gonna be, gonna  
Gonna be some changes  
There gonna be some changes  
There gonna be some changes  
There gonna be some changes  
Gonna be a change

There gonna be some changes  
There gonna be some changes  
There gonna be some changes

There gonna be some changes made  
There gonna be some changes made  
There gonna be some changes made
