Now, if she ever comes now now
If she ever comes now, now
If she ever comes now

Now, if she ever comes now now
If she ever comes now, now
If she ever comes now

Aw, it looks so good,
Aw, she's made out of wood
Just look and see

Now, if she ever comes now now

If she ever comes now, now
If she ever comes now

Now, if she ever comes now now
If she ever comes now, now
If she ever comes now

Aw, it looks so good
Aw, she's made out of wood
Just look and see
