[John Cena]

Your time is up my time is now

You can't see me my time is now

It's the franchise, boy I'm shining now

You can't see me my time is now

[ John Cena ]

In case you forgot I fell off

I'm still hot knock your shell off

My money stacked fat

Plus I can't turn the swell off

The franchise

Doing big buisness

I live this it's automatic

I witness so you hear those horns

You finished

A soldier

And I stay under you fightin'

Plus I'm stormin' on you chumps

Like I'm thunder and lightnin'

Ain't no way you breakin' me kid I'm harder than nails

Plus I keep it all locked like I'm part of the jails

I'm slaughtering stale competition.

I got the whole block wishin'

They could run with my division

But they gone fishin'

With no bait

Kid can your boy hold weight

I got my soul straight

I brush your mouth like Colgate

In any weather or never better

Your boy's so hot

You'd never catch me in the next man's sweater

If they hate let 'em hate

I drop your whole clan

Lay your ass down for the 3 second tan

Your time is up my time is now

You can't see me my time is now

It's the franchise boy I'm shining now

You can't see me (yeah) my time is now

Uh. It's gon' be, what it's gon' be.

Five pounds of courage \*Buddy Binks\* tan pants with a  
gold tee.  
Ugh, It's a war dance and victory step.  
Of all stances, a gift and you insist it's my rep.  
John Cena, Trademarc, you'll are so so we talked about  
the bread you make.  
But don't know the recipe for dough though.  
Aiming guns in all your photos, that's a no-no.  
When this pop your lip lock, your \*big tocks I\* blame  
your no show  
See what happens when the ice age melt.  
You see monetary status is not what matters, but it  
helps.  
I rock a time piece by Benny if any.  
The same reason ya'll can love me is the same reason  
ya'll condemn me.  
A man is measured by the way that he thinks  
not clothing lines, ice links, leather, and minks.  
I spent 20 plus years seeking knowledge itself.  
So for now Marc records living life for wealth

Your time is up my time is now  
You can't see me my time is now  
It's the franchise boy I'm shining now  
You can't see me my time is now

Your time is up my time is now  
You can't see me my time is now  
It's the franchise boy I'm shining now  
You can't see me my time is now
