Too many times I didn't try to hold you

Em Asus A

I never kept the promises I told you

Bm B7 Em

Now it's time I give in I, know

D G D G Asus A

To the words that I should have said long ago

D F#m G

Lady lay down beside me

Em G Asus A

Wrap all your love around me

F#m Bm F#m G Asus

I need you to stay, don't turn away from me now

A D

Lady lay down

You've been alone, I guess I've known about it

You gave me love and learned to live without it

Now that you've turned to go

Let me beg you to stay the best way I know

Chorus
