I need a lover that won't drive me crazy
I need a lover that won't drive me crazy
I need a lover that won't drive me crazy
Some girl that knows the meaning of
Hey, hit the highway

I've been walking the streets in the evening
Racing through the human jungles at night
I'm so confused, my mind is indifferent
Hey, I'm so weak, won't somebody shut off that light?

Electricity runs through the video
And I watch it from this hole I call home
And all the stoneys are dancin' to the radio
And I got the world callin' me up here tonight on the
phone

I need a lover that won't drive me crazy
Some girl to thrill me and then go away
I need a lover that won't drive me crazy
Some girl that knows the meanin' of
Hey, hit the highway

Well, I'm not wiped out by this poolroom life I'm livin'
I'm gonna quit this job and go to school or head back
home
And I'm not asking to be loved or be forgiven
Hey, I just can't face shakin' in this bedroom one more
night alone

I need a lover that won't drive me crazy
I need a lover that won't drive me crazy
I need a lover that won't drive me crazy
Some girl that knows the meaning of
Hey, hit the highway

I need a lover that won't drive me crazy
Some girl to thrill me and then go away
I need a lover that won't drive me crazy
Some girl that knows the meaning of
Hey, hit the highway
